

TRANSLATION OF MR TEXIER'S E-MAIL TO MR NOEL VIVION 12/11/2018

Restaurant run by Mr Joseph Gwozdz at Saint Martin L'Ars

Hello Mr Vivion

Following our telephone meeting and after checking with the Prefecture, I confirm that the business owner mentioned above has a restaurant licence and a permis d'exploitation obtained in 2016 for his activity of restaurateur.

Since 2016, no complaint relating to nuisance has reached us. By the way, the business owner has confirmed to me that has made contact with the DDT and the SDIS in order to obtain autorisation to install a marquee on a temporary basis during the summer.

Based on the information in my possession, I can only conclude that the operation of this establishment is the cause of the tensions between the business owner and the mayor of St Martin L'Ars.

I think that this quarrel between the mayor and one of his citizens is more of a matter for the public mediator.

Depending on the actual nature of the dispute, the mediator can propose conciliation measures in order to find common ground between the parties.

This is the information which I wished to bring to your attention.

Kind regards
